We "Esskay Plastics" are the leading manufacturer and trader of a wide range of Polypropylene Rope, Twine Rope, Rope Ladder, Submersible Rope, etc.

About Us

Established in the year **1986**, we "**Esskay Plastics**" are the leading **manufacturer** and **trader** of a wide range of **Polypropylene Rope, Twine Rope, Rope Ladder, Submersible Rope**, etc. We are highly concerned with the quality that we offer and lay huge emphasis on the same during the manufacturing process by using the optimum quality raw materials and following the industrial standards & norms.

We have established a state-of-the-art infrastructure facility that is set up with various machines and tools that are based on advanced & modern technology. To manage the spacious workspace and all the operations, we have recruited an efficient team of professionals that is well trained to understand and cater to the varied needs of our precious clients. In addition, we examine the quality of products offered before the final dispatch. We deal in the brand **Uttam**.

Under the guidance of our mentor **Mr. Shabbar Daud**, we have gained a huge expertise in this domain.
